Out of 40 sector skill councils, Indian Plumbing Skills Council was chosen along with 12 others to exhibit the skill demonstration at Skill India Exhibition at Kanpur from 19th to 22nd December 2016 during Hon'ble Prime Minister Shri Narendra Modi's Rally in Kanpur.

For the Skill Demonstration display, IPSC chose a female plumber (Ms Najareen Bano) from Varanasi, who went through short term training in June 2016 and got certified as a Level-3 Plumber. She currently works as a Plumber at a 3 Start Hotel in Varanasi. A Female Plumber was chosen to highlight woman equality and that the

women are equally employable in the Plumbing Trade

Along with Tools and Equipment on display, IPSC also created a PMKVY structure made from pipes and was displayed proudly at the stall location. We were praised on our out-of-the-box preparation, which strongly advocated Skill India and PMKVY (Ministry's biggest training initiative). This structure was made by the 2 trainees that were demonstrating the Plumbing Skills themselves.

The importance that Plumbing is getting in the ministry is evident from the fact that Hon'ble Minister Rajiv Pratap Rudy (Ministry of Skill Development and Entrepreneurship) also tweeted 4 photographs on his Twitter handle from the event and IPSC's was one of them. The event was covered live on various news channels including DD News.

Thereafter, the exhibition was opened to the general public and representatives from IPSC along with a training partner from Varanasi were deployed to register the candidates for trainings. IPSC registered approximately 400 candidates during the 4 day event.
