

Level

Levels: 1 = Easy / 2 = Average / 3 = Difficult

Applicable Qualification Packs /NOS	Sr No	Level	Questions	Answer Options	Correct Answer/s	Explanation / Reasoning / Rationale
PSC/ Q 0302	1	1	In stop cock the flow of water is controlled by means of?	A. Flat disc B. Ball C. Circular disc D. Stop plug	C	
PSC/ Q 0302	2	1	What is used in swing check valve to allow one way flow only?	A. Disc B. Cap C. Stop plug D. Hinge pin	A	
PSC/ Q 0302	3	1	Which is used to draw water from a depth of 150 metres?	A. Centrifugal pump B. Mono-block pump C. Booster pump D. Air-lift pump	D	
PSC/ Q 0302	4	1	What is used to store water in water container?	A. Outer container B. Inner container C. Heating element D. Thermos tat		
PSC/ Q 0302	5	1	What is used for rain water harvesting?	A. Per collation trenches B. Traps C. Socket plug D. Floor drain	A	
PSC/ Q 0302	6	2	What happens if cast iron pipes are coated with coal tar?	A. Loose strength B. Doesn't tag C. Sags D. Prevent corrosion	D	
PSC/ Q 0302	7	2	What is used to provide ventilation for soil pipe and waste pipes?	A. Cowl B. Vent pipe C. Reducer D. Coupler	A	
PSC/ Q 0302	8	2	What is used to provide ventilation for soil pipe and waste pipes?	A. Cowl B. Vent pipe C. Reducer D. Coupler	A	
PSC/ Q 0302	9	2	What is used at the inlet of roof surface to give better drainage effect?	A. Bell mouth B. Vent pipe C. Cowl D. Reducer	A	
PSC/ Q 0302	10	2	What is used to connect the low level flushing lectern to the pan?	A. Popup waste B. Bibet C. Flush bend D. Studs	C	
PSC/ Q 0302	11	3	What should be done to the pipe before removing plug?	A. Over heated B. Cooled C. Heated D. Grinded	C	

PSC/ Q 0302	12	3	What is used to fill the joints in low level flushing cistern?	A. Poput waste B. Bibet C. Cement mortar D. Studs	C	
PSC/ Q 0302	13		What should be done to hold water in suction pipe?	A. Use foot valve B. Use check valve C. Use drain valve D. Use reflux valve	A	
PSC/ Q 0302	14		Which valve is used to prevent back pressure on the pump?	A. Foot valve B. Reflux valve C. Gate valve D. Safety valve	B	
PSC/ Q 0302	15		What material sluice valves are made of?	A. Zinc B. Brass C. Aluminium D. Grey cast iron	A
