Performance Criteria	As described in the relevant OS units	

Keywords /Terms	Description
Sector	Sector is a conglomeration of different business operations having similar businesses and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/related set of functions in an industry.
Function	Function is an activity necessary for achieving the key purpose of the sector, occupation, or area of work, which can be carried out by a person or a group of persons. Functions are identified through functional analysis and form the basis of OS.
Job Role	Job role defines a unique set of functions that together form a unique employment opportunity in an organization.
OS	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the knowledge and understanding they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria	Performance Criteria are statements that together specify the standard of performance required when carrying out a task.
NOS	NOS are Occupational Standards which apply uniquely in the Indian context.
Qualifications Pack Code	Qualifications Pack Code is a unique reference code that identifies a qualifications pack.
Qualifications Pack	Qualifications Pack comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A Qualifications Pack is assigned a unique qualification pack code.
Unit Code	Unit Code is a unique identifier for an Occupational Standard , which is denoted by an 'N'.
Unit Title	Unit Title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Knowledge and Understanding	Knowledge and Understanding are statements which together specify the technical, generic, professional and organizational specific knowledge that an individual needs in order to perform to the required standard.
Organizational Context	Organizational Context includes the way the organization is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical Knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills or Generic Skills	Core Skills or Generic Skills are a group of skills that are key to learning and working in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.

Overview

This unit is about assistance in carrying out welding tasks in plumbing projects.

Unit Code	PSC/N0113	
Unit Title (Task)	Assistance in welding of pipes and fittings	
Description	his OS unit is about assistance in carrying out welding tasks in plumbing projects	
Scope	This unit/task covers the following:	
	Pre-welding activity	
	activities related to assembling of materials, tools and equipment	
	Welding activity	
	 assistance in positioning of piping, fittings and valves for welding 	
	assistance in joining piping, fittings and valves using a welding equipment	
	Post-welding activity	
	assistance in shutting down of the equipment	
	 clearing the work area and disposition of waste 	

Performance Criteria(PC) w.r.t. the Scope

Element	Performance Criteria	
Pre-welding	To be competent, the user/individual on the job must be able to:	
	PC1. assist in checking the joint preparation	
	PC2. assemble welding and jointing tools and equipment	
	PC3. prepare or assemble material required for the task	
Welding	PC4. assist in producing joints of the required quality	
	PC5. assist in producing joints of specified dimensional accuracy	
Post-welding	PC6. assist in shutting down the equipment to a safe condition on completion of	
	the task	
	PC7. clear the work area and dispose the waste appropriately	

Knowledge and Understanding (K)

'	Knowledge and Onderstanding (K)		
	A. Organizational	The user/individual on the job needs to know and understand:	
	Context	KA1. company's policies on: quality and delivery standards, safety and hazards,	
		integrity, dress code, etc.	
		KA2. risk and impact of not following defined procedures/work instructions	
		KA3. how to assist in handover/ takeover of the equipment / work area as per the	
		instructions	

B. Technical	The user/individual on the job needs to know and understand:		
Knowledge	KB1. workplace and equipment safety requirements		
	KB2. basic units of measurements		
	KB3. basic awareness of the different types of welding equipment and		
	consumables		
	KB4. material disposal procedure and its importance		
	KB5. safety procedure for electrical / welding activities		
Skills (S)			
A. Core Skills/	Communication skills		
Generic Skills	The user/individual on the job needs to know and understand how to:		
	SA1. communicate in Hindi / regional language		
	Measurement/positioning skills		
	SA2. perform simple measurements and mark positions as per instructions		
	Teamwork		
	SA3. accept and interpret instructions and requirements correctly		
	SA4. follow the instructions of the reporting authority		
	SA5. co-ordinate with co-workers		
B. Professional Skills	Use of tools and machines		
	The user/individual on the job needs to know and understand how to:		
	SB1. identify tools and equipment like Welding sets, Welding Electrodes, Gas		
	Cylinders, Welding & Cutting Implements, Goggles, Light duty welding gloves,		
	Tip cleaners, Pliers, Spark lighter, Safety glasses, Ear Plugs, etc.		
	SB2. assist in maintaining and repairing tools and equipment		
	Material handling and preparation		
	SB3. carry out pre-welding work as per requirement/ specifications		
	SB4. stack and store required materials and equipment appropriately at task site		
	SB5. assist in carrying out welding work as per instructions		
	SB6. assist in testing welded joints for proper functioning		
	SB7. dispose the waste as per the procedure/instructions
